I have a 2002 Jetta TDI ALH engine that I bought with a stripped timing belt. I never touched a TDI before (super noob) (just a M-TDI 1Z and other 1.6 and 1.9 D and Td) I repaired the damages (only 1 valve bent and miscellaneous stuff) During the work, I thrown away a box with a couple things by mistake, and there was the N239 in one of them....

Ea288 engine problems

Ea288 engine problems

A unit injector (UI) is a high pressure integrated direct fuel injection system for diesel engines, combining the injector nozzle and the injection pump in a single component. The plunger pump used is usually driven by a shared camshaft. In a unit injector, the device is usually lubricated and cooled by the fuel itself. High pressure injection delivers power and fuel consumption benefits over ...
