For music the acoustimass helps out a lot to bring the bass up and give a wider sound. The type and production of the music makes a difference though on how much the subwoofer will help out. Newer music, especially electronic, synthesizer, and bass sounds come out the best. The 2017 Charlotte Gainsbourg record

small high-range satellite speaker system for home listening. Steve Feinstein stated that with the AM-5, the system's "appearance mattered as much as, if not more than, great sound" to consumers of this era, as it was considered to be a "cool" look. The success of the AM-5 led to other makers launching subwoofer-satellite ...
