Constitutional Political Economy In A

Constitutional economics is a research program in economics and constitutionalism that has been described as explaining the choice "of alternative sets of legal-institutional-constitutional rules that constrain the choices and activities of economic and political agents". This extends beyond the definition of "the economic analysis of constitutional law" and is distinct from explaining the ...

Constitutional economics - Wikipedia

Political economy is the study of production and trade and their relations with law, custom and government; and with the distribution of national income and wealth.As a discipline, political economy originated in moral philosophy, in the 18th century, to explore the administration of states' wealth, with "political" signifying the Greek word polity and "economy" signifying the Greek word ...

Political economy - Wikipedia

Every economy is a political economy and the enormous success of the U.S. economy has been as dependent on our political system as on our economic system. Indeed, many of the problems that currently plague the U.S. economy are the result of our failure to hold on to the political wisdom that guided our Founding Fathers.
