Upgrading to a New Version of SOLIDWORKS | How-To Guide

Your user's machine is pointed at the wrong location. You can repoint it in the license manager (on the user's machine, not the server) and go to the Server List tab to repoint it "Failed to borrow license" This is mostly the same as the fixes for "could not obtain a license." I hope you found this guide to SOLIDWORKS Licenses helpful!

Ultimate Guide to SOLIDWORKS Licensing: Types, Activation ...

Opera Simulation Software is a Finite Element Analysis software suite which allows users to perform simulations of electromagnetic (EM) and electromechanical systems in 2 and 3 dimensions. Opera complements the existing SIMULIA EM portfolio with its strength in low frequency simulation, which is extremely useful for the design of magnets, electric motors and other electrical machines.

Opera | SIMULIA by Dassault Systèmes®

The list can be filled out here (Figure D:8), plus if the "Allow custom values" box is checked the user can input the information (Figure D:9). Adding another text box to the same groupbox (Figure F:10) and setting the type to Date (Figure F:11) will give the user a way to add a date. The next way to

enter data would be the check box.
