Multinational Financial Management 9th Edition

Shapiro's Multinational Financial Management 9th Edition provides that conceptual framework within which key financial decisions of a multinational firm can be analyzed. The author's comprehensive approach is to treat international financial management as a natural extension of the principles learned in the first course in financial management.

Multinational Financial Management 9th edition, Alan C. Shapiro
This is a nice book for the medium-advanced student in finance - and definitely a good refresher for the practitioners of the international corporate finance. As other reviewers mentioned, might be a bit too shallow, but the number and the substance of the study cases helps for sure.
