Animation is a method in which figures are manipulated to appear as moving images. In traditional animation, images are drawn or painted by hand on transparent celluloid sheets to be photographed and exhibited on film. Today, most animations are made with computer-generated imagery (CGI). Computer animation can be very detailed 3D animation, while 2D computer animation (which may have the look ...

History. Brickfilms, (or films using Lego), have existed since the 1970s. In 2003, Lego officially made its first partnership to make films based on its toy property. They chose Bionicle as the property and they made a deal with Miramax to make a trilogy of Bionicle films. After the trilogy ended, a new trilogy based on Bionicle was planned with Universal after the Miramax film contract ended ...

List of Lego films and TV series - Wikipedia

Lego Ninjago is a Lego theme that was introduced in 2011, which is a flagship brand of The Lego Group. It is the first to be based on ninja since the discontinuation of the Lego Ninja theme in 2000. Whilst it retains some elements of the previous theme, it is based on a more detailed storyline set within a fantasy world, primarily underpinned by the computer-animated television series that it ...

Make your animation sketch. This is a single drawing on a single piece of paper that shows all of the major stages of movement in a single frame. This will often result in a picture that looks like conjoined quintuplets, but it's designed to make sure that your key frames are correctly aligned and that your motions look natural.
